

# ARP ESSER Health and Safety Plan Guidance & Template

---

Section 2001(i)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

Based on ARP requirements, 90 percent of ARP ESSER funds will be distributed to school districts and charter schools based on their relative share of Title I-A funding in FY 2020-2021. **Given Federally required timelines, LEAs eligible to apply for and receive this portion of the ARP ESSER funding must submit a Health and Safety Plan that meets ARP Act requirements to the Pennsylvania Department of Education (PDE) by Friday, July 30, 2021, regardless of when the LEA submits its ARP ESSER application.**

Each LEA must create a Health and Safety Plan that addresses how it will maintain the health and safety of students, educators, and other staff, and which will serve as local guidelines for all instructional and non-instructional school activities during the period of the LEA's ARP ESSER grant. The Health and Safety Plan should be tailored to the unique needs of each LEA and its schools and must take into account public comment related to the development of, and subsequent revisions to, the Health and Safety Plan.

The ARP Act and U.S. Department of Education rules require Health and Safety plans include the following components:

1. How the LEA will, to the greatest extent practicable, implement prevention and mitigation policies in line with the most up-to-date guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning;
2. How the LEA will ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services;

3. How the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC:
  - a. Universal and correct wearing of [masks](#);
  - b. Modifying facilities to allow for [physical distancing](#) (e.g., use of cohorts/podding);
  - c. [Handwashing and respiratory etiquette](#);
  - d. [Cleaning](#) and maintaining healthy facilities, including improving [ventilation](#);
  - e. [Contact tracing](#) in combination with [isolation](#) and [quarantine](#), in collaboration with State and local health departments;
  - f. [Diagnostic](#) and screening testing;
  - g. Efforts to provide COVID-19 [vaccinations to school communities](#);
  - h. Appropriate accommodations for children with disabilities with respect to health and safety policies; and
  - i. Coordination with state and local health officials.

The LEA's Health and Safety Plan must be approved by its governing body and posted on the LEA's publicly available website by July 30, 2021.\* The ARP Act requires LEAs to post their Health and Safety Plans online in a language that parents/caregivers can understand, or, if it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

Each LEA will upload in the eGrants system its updated Health and Safety Plan and webpage URL where the plan is located on the LEA's publicly available website.

The ARP Act requires LEAs to review their Health and Safety Plans at least every six months during the period of the LEA's ARP ESSER grant. LEAs also must review and update their plans whenever there are significant changes to the CDC recommendations for K-12 schools. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

LEAs may use the template to revise their current Health and Safety Plans to meet ARP requirements and ensure all stakeholders are fully informed of the LEA's plan to safely resume

instructional and non-instructional school activities, including in-person learning, for the current school year. An LEA may use a different plan template or format provided it includes all the elements required by the ARP Act, as listed above.

\* The July 30 deadline applies only to school districts and charter schools that received federal Title I-A funds in FY 2020-2021 and intend to apply for and receive ARP ESSER funding.

## **Additional Resources**

LEAs are advised to review the following resources when developing their Health and Safety Plans:

- [CDC K-12 School Operational Strategy](#)
- [PDE Resources for School Communities During COVID-19](#)
- [PDE Roadmap for Education Leaders](#)
- [PDE Accelerated Learning Through an Integrated System of Support](#)
- [PA Department of Health - COVID-19 in Pennsylvania](#)

### **Health and Safety Plan Summary: The School District of Jenkintown**

**Initial Effective Date: July 30, 2021**

**Date of Last Review: August 23, 2021**

**Date of Last Revision: June 30, 2021**

How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

#### **Part I: Guiding Questions**

**How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?** The District's Health and Safety Plan (HSP) will take into account recommendations from the Centers for Disease Control and Prevention (CDC), the Pennsylvania Department of Education (PDE), the Pennsylvania Department of Health (PADOH), and the Montgomery County Office of Public Health (MCOPH). As such, the plan will be revisited as recommendations change. Such changes will be communicated to The School District of Jenkintown community via One Call Now messages. The chart contained in this Health and Safety Plan outlines the actions the District will engage in to promote the health and safety of students, staff, and community members.

**How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?** The District will provide in-person instruction 5 days per week unless an emergency declaration prevents in-person learning. Throughout the upcoming school year, the District will implement Responsive Classroom Morning Meetings and The Second Step program for certain grade levels, which are research-based social/emotional learning programs for elementary students. Counseling services will be provided for students at the secondary level as needed. Our counselors and school psychologist will provide support for students and families as necessary. Support will be provided to staff as needed. Finally, all meals served by the District are being provided at no charge to families for the duration of the 2021-2022 school year.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<p>a. Universal and correct wearing of <u>masks</u>;</p>	<ul style="list-style-type: none"> <li>• The District shall consider the recommendations of the CDC, the PADOH, and the MCOP.</li> <li>• Masks/Facial Coverings - The District shall maintain the following expectations:               <ul style="list-style-type: none"> <li>○ Indoor Activities: Masks/facial coverings are mandatory for all students and staff, K-12 until further notice.</li> <li>○ Outdoor Activities: Masks/facial coverings are optional for all individuals. Students and staff should socially distance to the greatest extent possible.</li> </ul> </li> <li>• The District will continue to monitor COVID-19 positivity and incidence rates weekly. Should the District need to revise its masking/facial covering expectations due to changing recommendations from the CDC, the PADOH, or the MCOPH, the District will communicate that information to the community via One Call Now.</li> </ul>

ARP ESSER Requirement	Strategies, Policies, and Procedures
<p>b. Modifying facilities to allow for <u>physical distancing</u> (e.g., use of cohorts/podding);</p>	<ul style="list-style-type: none"> <li>• The District shall consider the recommendations of the CDC, the PADOH, and the MCOPH.</li>   <li>• Classrooms - The District shall continue to: <ul style="list-style-type: none"> <li>○ Maintain class size guidelines to the maximum extent possible.</li> <li>○ Remove extra furniture from classrooms to create as much space for students and staff as possible.</li> </ul> </li>   <li>• Cafeteria - The District shall continue to: <ul style="list-style-type: none"> <li>○ Follow the recommendations of the CDC, the PADOH, and the MCOPH for spacing while eating.</li> <li>○ Individual tray tables will continue to be used until total population can be vaccinated.</li> </ul> </li>   <li>• Large Group Spaces for Instruction - The District shall continue to: <ul style="list-style-type: none"> <li>○ Frequently clean large group spaces.</li> </ul> </li>   <li>• Transportation - The District shall continue to: <ul style="list-style-type: none"> <li>○ Limit seating to two (2) students per seat to the maximum extent feasible. Masking is required for students and staff on district transportation until further notice.</li> </ul> </li>   <li>• The District will continue to monitor COVID-19 positivity and incidence rates weekly.
